

Good governance and the journey towards integral ecology

INSTITUTE OF
SISTERS of MERCY
OF AUSTRALIA & PAPUA NEW GUINEA

This online seminar explores the relationship between good governance and integral ecology, drawing on the insights of Pope Francis in *Laudato Si'* (2015) and his recent invitation in the document *On the journey for Care of the Common Home* (2020) to embark on a '7 year journey' towards sustainability.

Sally Neaves, ISMAPNG Integral Ecology Animator, will explore some developments in theology since Vatican II, the Mercy context, and the 7 goals of the *Laudato Si'* Action Platform.

Chris Hill, ISMAPNG Environmental Sustainability Manager, will present a case study of Mater Health Brisbane as an example of a ministry's journey towards environmental sustainability.

9.30am—12.30pm

Thursday 30 September 2021

Via Zoom

\$15 registration fee
